

Billie Holiday, IF MY HEART COULD ONLY TALK

Walter Samuels / Leonard Whitcup / Teddy Powell

If my heart could only talk
Heaven would be mine
If my heart could only talk
Life would be divine
You would hear my song of love so tender
It would thrill you until you willingly surrender
If my heart could only talk
Dreams would all come true
'Neath the starlight I would walk
Hand in hand with you
I would have to seek your lips
Thrill you to your fingertips
If my heart could onlitalk
If my heart could only talk
Dreams would all come true
'Neath the starlight I would walk
Hand in hand with you
I would have to seek your lips
Thrill you to your fingertips
If my heart could only talk
