

# Billie Holiday, LET'S CALL A HEART A HEART

Arthur Johnston / Sonny Burke  
When we're in a friendly situation  
My conversation may not be smart  
But if we're to have a perfect understanding  
Let's call a heart a heart  
There are words that should be whispered gently  
That's evidently the way to start  
If I tell you what my dreams have been demanding  
Let's call a heart a heart  
Can I prove how I yearn  
Just by the turn of a phrase  
Can I keep my control  
When all my soul is aflame  
Maybe we'd call a true confession  
And in discretion on someone's part  
But if I'm to say how madly I adore you  
Let's call a heart a heart
