

Billie Holiday, ROMANCE IN THE DARK

Sam Coslow / G. Nelsen

Romance in the dark with you

All at once I knew

Darlin' love was near

I thrill to my finger tips

I could feel your lips

Darlin' oh so near

The music was so entrancing

The lights all began to fade

I said to myself keep dancing

But only my heart obeyed

A flame grew from just a spark

When I found romance in the dark with you
