

# Billie Holiday, SENTIMENTAL & MELANCHOLY

Johnny mercer / richard whiting

Sentimental and melancholy  
Whenever I think about you  
It's only a mood,  
A brief interlude  
That's better described as just feeling blue

I suppose that it's just my folly  
To keep it alive as I do  
But it's a kind of sugar coated misery  
And foolish as it seems  
I thought I'd like to be  
Sentimental and melancholy  
Whenever I think about you
