

# Billie Holiday, Sugar

M. pinkard / s. mitchell / f. alexander

Sugar, I call my baby my sugar  
I never maybe my sugar  
That sugar baby of mine  
He's special ration  
Funny, he never asks for my money  
All I give him is honey  
And that he can spend anytime

I'd make a million trips to lips  
If I were a bee  
Because he's sweeter than chocolate candy to me  
He's confectionary

Sugar, I never cheat on my sugar  
Cause I'm too sweet on my sugar  
That sugar baby of mine
