

Billie Holiday, UNDER A BLUE JUNGLE MOON

R. Conway / N. Brisben

Life's just like a dream

Just a beautiful dream

Under a blue jungle moon

Love calls out to love

From the wood and the stream

Call with a weird savage tune

Through the night comes melodies entrancing

All through the night in pairs the world romancing

My own heart calls too

Jungle sweetheart for you

Under a blue jungle moon

Through the night comes melodies entrancing

All through the night in pairs the world romancing

My own heart calls too

Jungle sweetheart for you

Under a blue jungle moon
