

Billie Holiday, WHO WANTS LOVE?

Gus Kahn / Franz Waxman

Who wants love?

Love is a joy we borrow

Pay back in tears tomorrow

So who wants love?

Who wants love?

Something to fill your heart with

So very soon to part with

So who wants love?

Love is a dream of weaving

Moonbeams in patterns rare

Love is a child believing

Stories of castles in the air

So who wants love

I'll go away without it

I know too much about it

Who wants love
