

# Billie Holiday, WITHOUT YOUR LOVE

Johnny Lange / Stryker

Without your love

I'm like a song without words

Just like a nest without birds

Without your love

Fine sun above

Will never shine at my door

My life holds nothing in store

Without your love

I rode the crest of a wave

With you beside me

Now who's to guide me

Because I'm lost at sea

Without your love

I'm like a plane without wings

A violin with no strings

Without your love

I've rode the crest of a wave

With you beside me

Now who's to guide me

Because I'm lost at sea

Without your love

I'm like a plane without wings

A violin with no strings

Without your love
