

Billie, It Takes Two

It Takes Two

Written by Syliva Moy & William Stevenson

One can have a dream baby

Two can make a dream so real

One can talk about being in love

Two can say how they really feel

One can wish upon a star

Two can make a wish come true - Yeah

One can stand alone in the dark

Two can make a light shine through

It takes two baby

It takes two baby

Me and you

Just take two

It takes two baby

It takes two baby

To make a dream come true

Just take two

One can have a broken heart

Livin' in misery

Two can really ease the pain

Like a perfect remedy

One can be alone in the car

On a night like these all alone

Two can make just any place

Seem just like being at home

It takes two baby

It takes two baby

Me and you

Just take two

It takes two baby

It takes two baby

To make a dream come true

Just take two

Ohhh One can go to a movie

Looking for a special treat

Two can make a single movie

Sometime real kinda sweet

Yeah...One can take a walk in the moon light

Thinking that its really nice

But two walking hand in hand

Is like adding just a pinch of spice

It takes two baby

It takes two baby

Me and you

Just take two

It takes two baby

It takes two baby

To make a dream come true

Just take two

It takes two baby

It takes two baby

Me and you

Just take two

(Fade)

It takes two baby

It takes two baby

To make a dream come true

Just take two
