Billie Jo Spears, I Love You Because

(I love you most of all because you're you) I love you because you understand dear Every single thing I try to do You're always there to lend a heping hand dear I love you most of all because you're you

No matter what the world may say about me I know your love will always see me through I love you for the way you never doubt me But most of all I love you cause you're you

I love you because my heart is lighter Every time I'm walking by your side I love you because my future's brighter The door to happiness you've opened wide

No matter what may be the style or season I know I know your heart will always be true I love you for a hundred thousand reasons But most of all I love you because you're you
