

Billie Joe Armstrong, Look For Love

1, 2, 3, 4, 5, 6, 7

Look for Love (x6)

When everything seems to go wrong

And you need somebody strong

With a smile and a song

Love for Love

And when you're not having much fun

And the day is never done

Until you do find someone

Look for Love (x2)

And when you find love

And keep all your love

Success and happiness too

Will be for you

2, 3, 4, 5, 6, 7

And now you really know

That wherever you go

The story is so

Look for Love (x2)

And when you find love

And keep all your love

Success and happiness too

Will be for you

The story is so

Look for love (till end)
