

# Billie Myers, Roll Over Beethoven

Everyone says that I can do much better.  
Better than what, hey I should go ask Oprah.  
Bullet Proof, 100, your favorite alcohol.  
she said too much of a good thing it will kill ya.

You're cheaper than a rack of stolen jackets.  
A parody of someone else you'd like to be  
you speak of Deepak Chopra, and of course world peace.  
A guru in the making down at Sesame Street

Its not the way you look so vain  
or the way you misspell  
the " " in my name.

Hypothetically speaking  
Roll over Roll over Beethoven  
Tell me what did I do to deserve you  
what did I do  
tell me why i like to hate you  
cause i do, oh yes i do

cats and dogs may sleep together  
doesn't mean they like each other  
you get me to stand and deliver  
karma boomerang  
tell me why I like to hate you cuz i do  
oh yes i do

you look great when my eyes are not open  
dependables, predictables,  
so turn the light on  
you're so clever when you're silent  
a real thesbian  
too much of a good thing it will kill you

its not the way youre such a know it all  
your god-like outlook  
only 5 foot small
