

# Billie Piper, Because Of You!

i remember when i saw you baby  
you were looking real cool and sexy  
you got me wondering if you saw me maybe  
oh yeh babe  
everything you're doing's got me changing my mood  
i got a new attitude  
that's saving something for me  
i was that girl standing alone  
watching every move you make  
wishing you would take me home because of you  
i've no sense of time i'm losing my mind  
i've left the little girl behind  
because of you  
the woman in me is setting me free  
living out my fantasy  
because of you  
do you think that there's a chance that we could get together  
the kind of lovin' that could last forever  
come rain or shine no matter what the weather  
oh yeh babe  
wondering if it's time i should be making my move  
i really wanna get you into my groove  
come and see me  
i got something to prove  
i was that girl quiet and shy  
scared to say a word to you  
hoping i would catch your eye because of you  
i've no sense of time i'm losing my mind  
i've left the little girl behind because of you  
the woman in me is setting me free living out my fantasy  
because of you  
cos i was that girl standing alone  
watching every move you make  
wishing you would take me home because of you  
i've made my move  
because of you  
i'm feelin' free  
repeat chorus to fade
