

# Billie, She Wants You

I know she wants, I know she wants  
I know she wants, I know she wants  
I know she wants, I know she wants  
I know she wants, I know she wants  
Boy I know you better  
Than you think you know yourself  
I know where your coming from  
Seeing you together  
And I swear I can tell  
There's somthing going on

I've seen her expression  
as she looks in your direction  
It's there in your eyes  
You say there's no conection  
You don't think thats her intention  
Baby you must be blind

I know that she want you  
She wants you, She wants you  
I know it instinctively  
(I know she wants, I know she wants you)  
I know that she wants you  
She wants you, She wants you  
You say you're in love with me  
(I know she wants, I know she wants you)

Boy you think I'm crazy  
You say she don't mean a thing  
That I'm the one for you  
She just wants your body baby  
She don't give a damm  
What I've been going through

She wants satisfaction  
To be center of attraction  
Its clear to me  
She needs no imitations  
Shes got such determination  
Baby you still don't see

I know that she want you  
She wants you, She wants you  
I know it instinctively  
(I know she wants, I know she wants you)  
I know that she wants you  
She wants you, She wants you  
You say you're in love with me  
(I know she wants, I know she wants you)

You understand  
You take my hand  
You're proud to be my man  
And I won't let you go  
I've seen her expression  
As she looks in your direction  
It's there in your eyes  
You say theres no connection  
You don't think that's her intention  
Baby you must be blind

I know that she want you  
She wants you, She wants you  
I know it instinctively

(I know she wants, I know she wants you)  
I know that she wants you  
She wants you, She wants you  
You say you're in love with me  
(I know she wants, I know she wants you)

Repeat Chorus
