

# Billie The Vision & The Dancers, A Beautiful Night

A Beautiful Night in Oslo

Okidoki Peeps

Im gonna tell you something that happened a while ago while we were in Oslo

We were touring the Scandinavian with the Pipettes  
From the United Kingdom

And actually we fell in love with that band  
And I know that they fell in love with us too  
So if you wanna hear a true on the road story about Billie the Vision and the Pipettes  
Just turn it up now  
Just turn it up now

I thought I was supposed to run away with you  
But Im running away with Joe  
Were in Oslo and we did a terrible show  
But the Norwegian pop freaks went Hey hey ho  
And Joe said lets get the priorities straight and  
I said No, lets get the priorities queer  
And we laughed together and said  
Its good to be here, but now we need to get the booze and the beers

So we went running through the streets of Oslo

We had the beers and the booze in the Billie bus  
But wed forgotten where we parked it  
And Joe said Jesus Christ Billie guys  
You must learn to organise!  
And I said Im sorry Joe, Im really sorry  
But we didnt do this on purpose  
We started laughing together there were Gustav and Joe  
And me and we started laughing together

We went laughing through the streets of Oslo

I was so full of sweat  
I was stinking  
I was thinking  
I dont even feel like drinking  
As we search through the biggest parking in Norway  
Gustav lit up and pointed his finger and said  
You are George, I am Kramer and you are Elaine  
Were in an episode of Seinfeld!  
Were in an episode of Seinfeld  
We had ten minutes to get to the venue again  
And I cant believe that we made it

Joe said "listen now guys when they ask you  
What you got in your bag just say sleeping bags  
And pillows ok?  
You must do this on your own  
You can make it, so see you guys inside"  
And of course we made it were professional liars  
Everything according to plan  
We felt like heroes when we stepped in to the dressing room  
I said "Im gonna show you one heavy sleeping bag"  
Then I blinked to Gustav and  
Gustav blinked back to me and then  
I showed them all the bears

We felt like heroes at a venue in Oslo

Becky, Mia, Rose, Sebastian, John, Gwenno

Lisa, Mono, Fia, Bobby and Andy said  
"Thats nice guys but we need to go to sleep  
So see you guys tomorrow"  
We were a bit surprised, and disappointed  
But there were four of us left, Gustav, Joe, John and me  
And we had a beautiful night in Oslo

We had a beautiful night in Oslo  
We stayed up late at a venue in Oslo  
We got drunk at a venue in Oslo
