

Billy Bob Thornton, Jesse

Verse 1

You were always quick to throw a line,
you always had it togetehr that way,
and you
shine like a bright star

you always impressed me with the fact,
on how your boys were never last,
and you,
shine like a bright star,

but now were struggling to survive,
with you not being by our side,
but still u showed us that sometimes you just gotta let it go,

Chorus

Its not goodbye,
not even so long,
cause knowin where u r
your still shinin like a star,
some day my time,
will finally come,
till then my friend my friend my friend.

Verse 2

i cannot lie its really hard,
knowin ur somewhere really far,
and you, shine like a bright star,
ill never forget when u were here,
i knew a mock was always near,
and you,
shine like a bright star,
so now were struggling to survive,
with you not being by our side,
but still u showed us sometime u just gotta let it go,
