Billy Bragg and Wilco, At My Window Sad And Lo

At my window, sad and lonely Oft times do I think of thee Sad and lonely and I wonder Do you ever think of me

Every day is sad and lonely And every night is sad and blue Do you ever think of me my darling As you sail that ocean blue

At my window, sad and lonely I stand and look across the sea And I sad and lonely wonder Do you ever think of me

Will you find another sweetheart In some far and distant land Sad and lonely now I wonder If our boat will ever land

Ships may ply the stormy ocean And planes may fly the stormy sky I'm sad and lonely but remember Oh I'll love you till I die
