

# Billy Burnette, Don't Say No

Written by billy burnette.

Here we are baby just you and me  
Holdin' each other tight as can be  
If I ask the question and you don't  
Answer me  
Well say not tonight and then I'll leave  
Well say maybe later I don't know  
Say maybe baby but don't say no

Here we are baby under the moonlight  
Everything feels right - oh what a night  
If I ask the question and you don't  
Answer me  
Well say not tonight and then I'll leave  
Well say maybe later I don't know

Say maybe baby but don't say no

Well baby hold me tight  
Turn them lights down low  
And if it feels alright  
You can never say no  
Never say no  
Here we are baby under the moonlight  
Everything feels right - oh what a night  
If I ask the question and you don't  
Answer me  
Well say not tonight and then I'll leave  
Well say maybe later I don't know  
Say maybe baby - don't say no  
Maybe later I don't know  
Say maybe baby - don't say no
