

Billy Burnette, Let The New Love Begin

Written by billy burnette amd mentor williams.

Throw away his ring
Throw away his number
It ain't a good thing
If it's pulling you under
It's never gonna be what you want it to be
So if you want a good thing
Well think about me

Oh honey you gotta blow out the candle
Is a new flame too much to handle
Oh honey you gotta put out the old love
And let the new love begin

I know a young girl she needs
Some affection
But he's got you runnin' in the
Wrong direction
You know I'll be there
When he leaves you lonely
'cause I wanna be your one and only

Oh honey you gotta blow out the candle
Is a new flame too much to handle
Oh honey you gotta put out the old love
And let the new love begin
And let the new love begin
