

# Billy Burnette, Love Me Back

Written by billy burnette and rafe van hoy.

Love me back  
Love me back, I gave you all my lovin'  
And that was that  
Now I'm out here on a limb that's about to crack  
(tag)  
(I'm walkin' on a wire that's about to snap?)  
Baby won't you love me back

I gave you all my love  
You know that's a fact  
I'm out here on a wire  
That's about to snap

Love me back?  
Baby come to my rescue  
Love me back?  
Just the way you used to do  
Love me back?  
Baby don't say we're thru?  
(when) I'm stuck out here in love with you

Love me back, love me back  
I gave you all my love  
You know that's a fact  
I'm out here on a wire  
That's about to snap  
So baby won't you love me back

I'm drifting on an ocean  
Deep in misery  
With just a sea of blue  
Between you and me  
So love me back?

Love me back  
Love me back I gave you all of my lovin'  
And that was that  
Now I'm out here on a limb that's about to crack  
(tag)  
(I'm walkin' on a wire that's about to snap?)  
Baby won't you love me back

Love me back?  
Can't you see my heart's about to break  
Love me back?  
Before they carry me away  
Love me back?  
Honey please reciprocate  
'cause any minute now it's gonna be too late?  
Love me back

Love me back  
Love me back I gave you all of my lovin'  
And that was that  
Now I'm out here on a limb that's about to crack  
(tag)  
(I'm walkin' on a wire that's about to snap?)  
Baby won't you love me back
