

Billy Burnette, Rockin' La

Written by billy burnette.

Well on down the freeway - hollywood
Freeway
Got me wheels rollin' rockin' the night
Away
Know a little place down on the strip
Where we're gonna go gonna get our
Kicks
Watch the band blow play a few hot
Licks
Gonna rock and roll till it's time to split
We'll there's pogo, limbo, disco, freeflo
Sometimes I go anywhere the wind

Blows
Old wave, new wave, I'll take my way
I like my way over in the fast lane
They say that rock and roll is here to
Stay
Down in the heart of rockin' la
Well there' long hair, short hair, green
Hair, pink hair
You can wear anything you wanna
Wear
We go downtown chinatown way
Hong kong caf? where the punks they
Play
I know that rock and roll is here to stay
Down in the heart of rockin' la
