

Billy Burnette, Too Bad I Missed You

Written by billy burnette.

Too bad I missed you baby
Too bad it might of been fun
Too bad I missed you baby
I think you're number one

I don't wanna give you no more my love
Cause you think that I'm not at all worth having
Don't place yourself too high above me
All I wanted to do was make a little love to you

Now I'm sorry babe

I didn't know you felt that way
Baby we can try another day
But this time (repeat)

Too bad I missed you baby
Too bad it might of been fun
Too bad I missed you baby
I think you're number one (repeat)

You are not at all what you think you are
A fine looking woman you may be
But loving you is hard
Just go on take your good looks
Cause they don't mean a thing to me no more
