

# Billy "Crash" Craddock, Afraid I'll Want To Love H

Don't let my eyes look upon her body if I look at her again I'll lose control  
I'll be right back in her arms until the morning  
Lord the devil's trying hard to win my soul  
Lord help me get up and sneak out in the morning  
Before this woman opens up her eyes  
She might want to kiss and throw her arms around me again  
And I'm afraid I'll want to love her one more time

Lord it never crossed my mind we'd go this far  
But her beauty and my hunger combined  
Made the door open wider to temptation oh Lord  
And I'm afraid I'll want to love her one more time  
Lord help me get up...  
Yes I'm afraid I'll want to love her one more time
