

Billy "Crash" Craddock, Sweet Magnolia Blossom

Sweet Magnolia Blossom lives here in our town
She's the proper kinda lady sleeps with her shades down
Sweet Magnolia I wanna hold ya my sweet Magnolia

Sweet Magnolia Blossom she don't smoke no cigarettes
She's never tasted liquor and she ain't been loved on yet
Sweet Magnolia I wanna hold ya my sweet Magnolia

Last time when she was at the prayer meeting well I siphoned off her gas
And when her car gave out on that country road who came drivin' fast
It was me hee hee hee it was me hee hee hee
It was me Lord the devil that I am

Sweet Magnolia Blossom got a smile upon her face
She let me take her home last night and she joined the human race
Sweet Magnolia I want to hold ya my sweet Magnolia

Sweet Magnolia Blossom lives here in our town
She's my kind of lady we sleep with our shades down
Sweet Magnolia my sweet Magnolia blossoms late last night
Sweet Magnolia my sweet Magnolia blossoms late last night
