

# Billy Crawford, Roll With It (Anything)

Yeah, yeah  
Oh

As I lean in the car  
There ain't nothing she ain't seen  
Daddy's drinking at the bar  
Mommy's hangin with some guy  
I look up to see the sky  
Why should everybody fall?  
Better do it or you don't  
The survival

All the sadness in her heart  
It's just tearing her apart  
Uh huh  
What are you gonna do?

Roll with it  
You can be anything girl  
Get hold of it  
Those things that hope can bring in this world  
Roll with it  
We all have mountains to climb  
Get hold of it  
You can do anything  
Just roll with it  
You can be anything

Yeah, yeah  
Oh, oh  
Uh huh

Two people fighting in the street  
Pulled a gun, now there's one  
How can't anybody see  
They were killing just for fun  
She goes up into her room  
Put her favourite CD on  
Letting go of it all  
The survival

All the sadness in her heart  
It's just ripping her apart  
Here's what you're gonna do

Roll with it  
You can be anything girl  
Get hold of it  
Those things that hope can bring in this world  
Roll with it  
We all have mountains to climb  
Get hold of it  
You can do anything  
Just roll with it  
You can be anything

Roll with it  
You can be anything girl  
Get hold of it  
Those things that hope can bring in this world  
Roll with it  
We all have mountains to climb  
Get hold of it  
You can do anything

Just roll with it  
You can be anything

Yeah  
Oh, oh

Roll with it  
You can do anything, yeah  
You can be anything girl  
Hey

Roll with it  
Got to let go  
Get hold of it  
All that hope can bring in this world  
Roll with it  
Got to let go  
Get hold of it  
You can be anything, oh
