

# Billy Currington, Tangled Up

Touch me; tell me what you want me to do.  
I want to take a little trip around you.  
You set me on fire; ohhhh you set me on fire.  
Lock me up inside of this room; I just want to be close to you.  
I cant take it anymore; baby I want you so much.  
I want to feel your breath on my skin;  
to find that place weve never been;  
I wanna spend all night tangled up; in your love.  
Kiss me; kiss me till the sun comes up.  
Slow; sweet; I can never get enough of your love.  
Your taking me higher; ohhhhhh; your taking me higher.  
Yeah lock me up inside of this room I just wanna be close to you.  
I cant take it anymore baby I want you so much.

I wanna feel your breath on my skin; to find that place weve never been; I wanna spend all night ta  
looooooove yeah.  
Yeah lock me up inside of this room I just wanna be close to you.  
I cant take it anymore baby I want you so much.  
I wanna feel your breath on my skin to find that place weve never been;  
I wanna spend all night tangled up; in your love.  
Tangled up in your love.  
Tangled up in your love.  
Tangled up in your bed.  
Tangled up in your sheets.  
Tangled up in your head.  
Tangled up in your love.  
Tangled up in your love; yeah.
