## Billy Currington, That Changes Everything

I said, & Day the said of the said of

[Chorus]
And that changes everything
That's a whole 'nother deal
That puts a brand new spin
On this ole rollin' wheel
That's some powerful stuff
That's a girl in love
And that's one thing
That changes everything

Well, I suppose on second thought this ole town ain't so bad Wouldn't hurt me to unload this load of mine And there's a for sale sign on a little house I saw just about a mile or so from here But I've always been the kind for pullin' up the stakes It's ain't never been like me to put down roots But now I'm thinkin', "Who am I kiddin'?" I ain't goin' nowhere When she smiles at me Looks a while at me

[Chorus]
And that changes everything
That's a whole 'nother deal
That puts a brand new spin
On this ole rollin' wheel
That's some powerful stuff
That's a girl in love
And that's one thing that changes everything

That's a whole 'nother deal That puts a brand new spin On this ole rollin' wheel That changes everything Ah, yeah That changes everything
