

Billy Dean, A Fall In Tennessee

Tennessee, oh, Tennessee
Lord, there's nothing like a fall in Tennessee
It was a Smokey Mountain morning, October 25
You know she left here without warning
So I took a long, long drive
Tried to change the state my heart was in
Out of all the places I have been
Tennessee, Tennessee
There's nothing like a fall in Tennessee
For a gold old fashioned heartbreak
There's no place I'd rather be
'Cause there's nothing like a fall in Tennessee
She must of had her reasons
Was it the chill in the air?
I guess lovers have their seasons
Where their souls are laying bare
It's better now her true colors show
This time of year there's only one place to go
Tennessee, Tennessee
There's nothing like a fall in Tennessee
For a gold old fashioned heartbreak
There's no place I'd rather be
'Cause there's nothing like a fall in Tennessee
For a good old fashioned heartbreak
Theres no place I'd rather be
'Cause there's nothing like a fall in Tennessee
