

Billy Dean, What Have You Got Against Love

There's a distance
In your eyes
You don't wanna get too close
And I don't know why
We're good together
We've come so far
So I can't understand why I can't ever
Get to your heart
Tell me...

CHORUS:

What have you got against love
What have you got against us
Won't you tell me what's the hold up
What have you got against love

A tragic romance
A bad goodbye
Did somebody make you think
Love was made to die
If that's the reason
You're holding out
Don't put the blame on the one who wants you
And needs you now
Tell me...

CHORUS:

What have you got against love
What have you got against us
Won't you tell me what's the hold up
What have you got against falling
Why do you keep it all in
Won't you tell me what's the hold up
What have you got against love

(INSTRUMENTAL SOLO)

(REPEAT CHORUS)
