

# Billy Fury, I Like Animals

I like animals  
Much better than human beings  
Human beings always wanna talk  
Mostly animals are happy just to walk

I like to stay with them  
Spend every day with them  
I've got a way with them to  
Some how I seem to be  
Part of the family  
Each time I go to the zoo

I like animals  
What ever there pedigree  
Oh and by the way  
Very glad to say  
Animals like me
