

# Billy Gilman, I Wanna Get To Ya

I've got a secret I can't keep  
I've got my eyes on something sweet  
It feels like my heart's pounding through my chest  
You're got a smile I can't resist  
I get tongue tied, everytime you and I are close like this  
Girl, here's my wish

CHORUS: I wanna get to ya  
I wanna be the one that moves ya  
I wanna give my heart to ya  
I want you so much  
Girl I know just what I've been missing  
I wanna be the one you're kissin'  
So open up your arms and listen  
I wanna get to ya  
I'm the kind of guy who understands  
A simple little thing like holding hands  
Or x's and o's on a love note sent to you  
Straight to you  
I'll make you a promise that I'll keep  
I'm telling you, right here, right now  
I'll get down on my knees  
I'll do anything  
(Repeat CHORUS)

The way I feel  
I know this love is real  
Baby, I'm head over heels for you  
(Repeat CHORUS)
