

# Billy Gilman, If You Could See Yourself In My Eyes

You know I see you hiding  
In your little corner of the world  
Read all the poems you're writing  
'Bout a scared and lonely girl  
Who doesn't know how much  
I need to feel her warm and tender touch

If you could see yourself through my eyes  
You'd know that true love never lies  
And you would realize how beautiful you are  
If you could see yourself the way I do  
You'd know that I loved you  
Since the moment that you looked into my eyes

I need to tell you that the sunlight  
Is always shining in your hair  
I need to tell you nothin' feels right  
Unless you're there

And you don't even know  
That in my dreams I never let you go

If you could see yourself through my eyes  
You'd know that true love never lies  
And you would realize how beautiful you are

Oooh how long has it been  
Since somebody told you  
You could hold your head up high above the rest  
'Cause baby, you're the best

Just let me love you and you'll realize  
How beautiful you are  
If you could see yourself the way I do  
You'd know that I loved you  
Since the moment that you looked into  
My eyes
