

# Billy Gilman, Missed You On Sunday

You're flying loose and I'm losing ground with you  
Want you to stay cause I can't follow you  
You know I'll wait forever if you want me to  
It's not your talkin I know it's who you're talking to

Missed you on Sunday cause you weren't there  
Saw you on Monday with purple hair  
No matter what you do you'll find me there  
Missing you on Sunday  
Our number one day  
Yeah I'm missing the answer to my prayers

I see you walking through the danger zone  
That's not the way I used to walk you home  
Don't wanna hold you back  
I'd let you go alone  
And pray that someday you'll come back on your own

Missed you on Sunday cause you weren't there  
I saw you on Monday with purple hair  
No matter what you do you'll find me there  
Missing you on Sunday  
Our number one day  
Yeah I'm missing the answers to my prayers

Some people say I'm such a fool to wait for you  
But I can't close the gates through the heaven we once knew  
Life's such a mystery  
Always been clear to me  
When you're around I see the sun come shining through

No matter what you do you'll find me there  
Missing you on Sunday  
Our number one day
