

Billy Gilman, Only Here

i can only find you here
sitting in your chair
watching the time go by
where have you gone
i can find you know more

Chorus-2X
Only here
can i find you
lost in your own mind
where ever you go
i can't find you
come back to me

do you dream about me
like i think about
you sometimes
i dream in color
but your eyes are gray

Chorus-1X
Only here
can i find you
lost in your own mind
where ever you go
i can't find you
come back to me

Goodbye
my dear
i'm going leave you now
theres no sound
as kiss you
you've grown
cold

Chorus-2X
Only here
can i find you
lost in your own mind
where ever you go
i can't find you
come back to me
