

# Billy Gilman, Somethings I Know

There's some things I know to be true  
Snow is white, and the ocean is blue  
Rain is wet, and it falls from the sky  
And the stars come out every night

And just as sure as the sun will rise  
This love is real, you see in my eyes  
Fantasy and it will grow  
Some things I know

There's some things in life I need  
Water to drink, air to breathe  
A place to rest when I need sleep  
When I'm hungry, food to eat

As sure as I need the Lord above  
That's how much I need her love

And I need shelter from the cold  
Some things I know

There's some things in life I want  
To be thankful for all I've got  
A friend to talk with, a hand to hold  
To still be young when I grow old

And I want all my dreams to come true  
And I want to share them all with you  
And I just had to tell you so  
Some things I know

Oh, I just had to tell you so  
There's some things I know.
