

# Billy Idol, (Do Not) Stand In The Shadow

Hearts which beat to a precise beat  
Fading shadows on the wall  
We'll cut our cards  
Drive out bars  
All for one, one for all.

Like teenage heat  
And carnival cheats  
With your heart on your sleeve  
Well you know you wanna run  
You won't hide  
And you jump like a son of a gun

Do not stand in the shadows  
Do not stand in the shadows  
Do not stand in the shadows  
Do not stand in the shadows

Oh alone and lonely  
Watching people on my wall  
Well Mama and Dadda thought they had me fooled  
I was thinking not at all  
Well I got out  
Not gonna stand  
In the dark without a light  
Forgetting love if you believe that chance  
Sit and wait  
Do not stand in the shadows  
Do not stand in the shadows  
in the shadows  
Do not stand in the shadows

Do not stand in the shadows  
Do not stand in the shadows  
Do not stand in the shadows

And now the judge is down feeling  
all around yeah  
Lifting to a blast this sound  
No preachers, teachers  
Pick our minds  
To the sounds of false alarm  
They're here today  
And they hear you say  
You're alive and you're living with me  
So don't try to hide  
And don't try to die  
In the dark of the night

Do not stand in the shadows  
Do not stand in the shadows  
Do not stand in the shadows  
Do not stand in the shadows

Do not stand in the shadows  
Do not stand in the shadows  
In the shadows, in the shadows  
Do not stand in the shadows
