

# Billy Idol, Into The Night

And you say you wanna live forever  
And you've got all the time to kill  
And you're living in the dark forever  
In your own little private hell

I wanna rule this world  
I wanna walk the night  
I wanna bleed this girl  
Wanna shake it all night till the morning light

I wanna lead this world  
I wanna wake the dead  
And all the undead souls who walk the night

Are you sure you're so clean and pure  
As you lie here in front of me now  
And you're tempting the lord of darkness  
As you see what's forbidden to see

I wanna rule this world  
I wanna walk the night  
I wanna bleed this girl  
Wanna do it all night till the morning light

I wanna rule this world  
I'm gonna wake the dead  
And all the undead souls who walk the night

Oh yeah you know it's true  
Yeah you yeah

When people say I'm from the underworld  
Every kind of sin you best believe it girl  
You come on over here from the other side  
Come back to hell it's warm inside

I sleep through the day coz I'm into the night  
I wanna through the day coz I live through the night  
I sleep through the day coz I'm into the night  
I wanna through the day coz I live through the night

Yeah you

I wanna rule this world, yeah  
I'm gonna walk the night  
I wanna rule this world  
I wanna rule this night

And all the undead souls I wanna wake the dead  
I wanna get you girl  
I'm gonna rule this world

It's gonna be alright  
Yeah
