Billy Idol, Love Labours On

Back thru time, I know You're calling me For a saviour--I know It's my destiny So I'm gonna rise Face the morning sun

Feel it calling me, Wanting me Believes in me

Love labours on Love labours on

Back thru time, I know I'm a wanted man Oh momma, I know Gave me grace, not to lose So I'm gonna get up--cleansed Face the morning rain

I feel it touching me, Healing me Believes in me

Love labours on Love labours on

Feel it wanting me, Knowing me, Believe, yeah

Love labours on Love labours on

Ooh Ooh Are you wanting, I know cuz you're calling me, yeah Are you needing, Yeah cuz you need from me

Wanting me, Reaching me, Wanting me, Knowing me, Believes in me.
