Billy Idol, Love Labours On

Back thru time, I know
You're calling me
For a saviour--I know
It's my destiny
So I'm gonna rise
Face the morning sun

Feel it calling me,
Wanting me
Believes in me

Love labours on
Love labours on

Back thru time, I know
I'm a wanted man
Oh momma, I know
Gave me grace, not to lose
So I'm gonna get up--cleansed
Face the morning rain

I feel it touching me,
Healing me
Believes in me

Love labours on
Love labours on

Feel it wanting me,
Knowing me,
Believe, yeah

Love labours on
Love labours on

Ooh
Ooh
Are you wanting,
I know cuz you're calling me, yeah
Are you needing,
Yeah cuz you need from me

Wanting me,
Reaching me,
Wanting me,
Knowing me,
Believes in me.

Love labours on
Love labours on
Love labours on
Love labours on
Labours on
Love labours on
Love labours on
