

Billy Idol, Running From The Ghost

I'm running from the ghost
The ghost inside of me
Heavy on my mind

Still fight him in my sleep
I see him all the time
The Jekyll to my Hyde
Down each and every road
No matter where I go
I'll be running from the ghost

I'll be running from the ghost
I'll be running from the ghost

Wake me up
Set me free
Can't take back all the things I've seen
Darkest days
No beliefs
Feel the hope fall away from me and
Don't you pray for me
It's too late for me
What can save me
it's night and day for me
Can't go back there
to cold hard memories
Just one way for me
I'll be running from the ghost

The ghost inside of me
Heavy on my mind
Still fight him in my sleep
I see him all the time
The Jekyll to my Hyde
Down each and every road
No matter where I go
I'll be running from the ghost

Keep running from the ghost
I'll be running from the ghost
Keep running from the ghost

Wake me up
Set me free
Can't take back all the things I've seen
Darkest days
No beliefs
Feel the hope fall away from me

Don't you pray for me
It's too late for me
What can save me
it's night and day for me
Can't go back there
to cold hard memories
Just one way for me
I'll keep running from the ghost

I'll keep running from the ghost
