

# Billy J. Kramer & The Dakotas, It's A Mad, Mad W

Everybody's runnin' in a mad, mad world  
Nobody's goin' nowhere  
Everybody's gotta have more than the others  
Gotta have more than their share

Every since the day when [unintelligible] with an apple  
We all had our friends to share  
Now the world keeps turnin' and things are gettin' faster  
Nobody's goin' no where

They say the grass is greener on the other side  
When they [burst over] they find  
Everybody's searchin' like you and me  
Try to find peace of mind

I see that little boy fishing on the river  
If only I could be like him  
I close my eyes and let the mad world go by  
If only I could be like him

I see that little boy fishing on the river  
If only I could be like him  
I close my eyes and let the mad world go by  
If only I could be like him

I close my eyes and let the mad world go by  
If only I could be like him
