Billy Joel, Got to begin again

Well so, here I am at the end of the road Where do I go from here? I always figured it would be like this Still nothin' seems to be quite clear All the words have been spoken And the prophecy fulfilled But I just can't decide where to go Yes, it's been quite a day And I should go to sleep But tomorrow I will wake up and I'll know That I've got to begin again Though I don't know how to start Yes, I've got to begin again, and it's hard Well, it's been quite a while since I lifted my head And I'm sure the light will hurt my eyes I see the way that I've been spendin' my days And reality has caught me by surprise I was dreamin' of tomorrow So I sacrificed today And it sure was a grand waste of time And despite all the truth that's been thrown in my face I just can't get you out of my mind But I've got to begin again Though I don't know how to start Yes, I've got to begin again, and it's hard Yes, it's hard, oh, ooh, ooh
