

Billy Lawrence, Come On

I've been waiting much too long
to get it on, its the same old song,
now correct me if I'm wrong.
I got the hots and got the mic
steaming like a hundred watts ready to blow a fuse.
Yous about to loose if you pass on this I got
the one kiss,
so you can't resist,
now I'm a get you by all means neccesary,
I'm never secondary,no
need to worry.

(verse-Billy)

I ain't gonna settle for no one,
I ain't gonna give no reasons to see,
and if I give you the notion,
that only states that I'm ready for you to come on.

(chorus)

Baby,wait tomorrow,
don't leave,
stay a while boy ,
EAT MEEEEEE out,
I've been waiting for you,
to bring your loving on,

(come on 4x)

(verse)

Oh don't be shy boy come on now,

oh yeah you know you want me to feel it,
and I want you so boy don't front say you will be
