

Billy No Mates, Fade

don't fade, don't fade on me
waltz a while through memory
don't fade, don't fade on me
stop a while right here by me
don't fade, don't fade on me
waltz a while through memory
so don't fade, don't fade on me
don't fade I need you by me
don't fade, don't fade on me
stop a while right here by me
don't fade, don't fade on me
bring me light and clarity
so don't fade, don't fade on me
don't fade I need you by me
