

# Billy No Mates, Seagulls

there's seagulls shitting on my car  
seagulls shitting and they just keep shitting  
got a wasp's nest buzzing in my ear  
a wasp's nest buzzing and it just keeps buzzing

now I'm going to need a mop  
and I'm going to need a bucket  
and I'm going to have to hire a skip  
and shovel all the muck in it  
I'm giving off sparks, conducting electricity  
I don't know how it started  
but it seems it all finishes with

(Chorus)

I've got an inbox full of spam  
an outbox full of viruses  
I'm going to have to shut it down  
and shove another sock in it  
I'm giving off sparks  
conducting electricity  
mulling it all over  
whilst standing in a puddle by this  
and there's seagulls etc.  
some days you've got to laugh
