

Billy Ocean, Rose

if you wake up in the dead of night
to feel alone like a helpless child
reach out for me I'll be close to you
I need to touch you, that's all I wanna do
and I fell a place of glory when I'm in your arms
ooh, I love to love you darling
don't care how many times
when you take me to your heaven
then I know that you're mine

[chorus]

ooh rose, you're my rose
more beautiful to me than any flower
you're my rose
everything that I desire
it started with a spark, now it's fire
in other words you mean everything to me
we both belong together
say you'll be forever... my rose

I see the sun within your smile
so warm and tender lighting up the sky
can't believe I'm sharing love with you
but I believe dreams come true
'cause you and I together we'll weather any storm
ooh, when two hearts beat as one
and if the road is long
we'll travel it together
oh, you'll be the only one

[chorus] - till end
