

Billy Rankin, Call Me Automatic

Ooooh ooh ya

Well I heard you're back in town and you're all alone
I wanna see you right now 'fore the night's too old
I don't wanna hear you sayin' that I'm way too late
We don't have to talk love 'cause the love can wait
You can call me automatic, call me automatic, you
Call me automatic, you can call me automatic
Gotta have your love tonight
Well I need to get in with the lights down low
It's not easy holdin' back 'cause my body's got to go
Let me be your lover, I can be your friend
Don't worry about nothin' cause I'll never let it end
Ooh, you can call me automatic, call me automatic, you
Call me automatic, you can call me automatic

Gotta have your love tonight

Ooooh ya

You can call me automatic, call me automatic, you
Call me automatic, you can call me automatic
Gotta have your love
Can call me automatic, call me automatic, you
Call me automatic, call me automatic
Gotta have your love tonight
Ooh, call me automatic, gotta have your love tonight
Call me automatic, call me automatic
'cause I gotta have your love tonight
Ooh, call me automatic
