

Billy Ray Cyrus, I Will

I will crawl through your grief
I will cry 'til i drown
Cut a path through your dark
'Til I'm lost and you're found
Turn your black into gray
I won't hurt when I bleed
I'll give up my desire
'Til you get what you need

chorus

Ask me I'll be there, whenever you fall
To do anything, everything, nothing at all
I'll move any mountain that keeps you from me
I'll change, rearrange, disappear in your dreams
Please don't ask me to let go or make me give up
Cause I love you that much and I will
It'll kill me, but I will

I'll never say that
I know how you feel
But I know in your heart
That those deamons are real
So don't push me out
And I won't pull you in
I won't let lose
If you'll let me win

chorus

Ask me I'll be there, whenever you fall
To do anything, everything, nothing at all
I'll move any mountain that keeps you from me
I'll change, rearrange, disappear in your dreams
Please don't ask me to let go or make me give up
Cause I love you that much and I will
It'll kill me, but I will

If you can just look past your fears
You'll see me standing right there

chorus

Ask me I'll be there, whenever you fall
To do anything, everything, nothing at all
I'll move any mountain that keeps you from me
I'll change, rearrange, disappear in your dreams
Please don't ask me to let go or make me give up
Cause I love you that much and I will
It'll kill me, but I will
BABY I WILL!!
