

Billy Ray Cyrus, It's All The Same To Me

Girl you can head north, south, east or west
Which way you go I couldn't care less
It don't matter if this is where you wanna be
You can take the couch, you can take the chair
It makes no difference I don't care
Can't you see it's all the same to me

You can put me on some island in the middle of the sea
Or lock me in a prison with no chance of ever being free
Or run a dagger through my heart,
Stand back and watch me bleed
Or baby you can leave it's all the same to me

Day or night, rain or shine
I'll be alone still losing my mind
Without you it's all the same to me

You can put me on some island in the middle of the sea
Or lock me in a prison with no chance of ever being free
Or run a dagger through my heart,
Stand back and watch me bleed
Or baby you can leave it's all the same to me

I could never love someone else
If I can't have you, you might as well

Just put me on some island in the middle of the sea
Or lock me in a prison with no chance of ever being free
Or run a dagger through my heart,
Stand back and watch me bleed
Or baby you can leave it's all the same to me

Yeah baby if you leave it's all the same to me
It's all the same to me
Yeah baby if you leave it's all the same to me
Baby, baby if you leave it's all the same to me
