

# Billy Ray Cyrus, You Wont Be Lonely

I know you've seen all your dreams turned to dust,  
I know your hearts been left in the rain to rust...

You Wont Be Lonely Now.

I see the long trail of tears in your eyes,  
Back to the day when the innocence died,  
but you wont be lonely now.

I wanna give you everthing you need,

I wanna show you,

You Wont be Lonely.. You Wont be Lonely...

Now.

Holding you here like a rose in the dark,  
I make this promise to you from my heart.

You Wont be Lonely Now.

I wanna give you everything you need,

I wanna show you,

You Wont Be Lonely Now.

I'll do anything to make you see,

How i'm gonna love you,

You wont be lonely,

You wont be lonely,

Now.

Now that you're here in my arms I'm Alive.

For the first time in a long time,

I look at my face in the mirror and see,

The man that I've been longing to be.

I'm here

Ohhh Ohhhh....mmm. mm....

I wanna give you everything you need,

I wanna show you,

You Wont be Lonely Now,

I'll do anything to make you see,

I'm gonna love you,

You Wont Be Lonely,

You Wont be Lonely,

You Wont Be Lonely,

Now....
